Huge land -ideal for re-development

This 7800m² piece of land is situated on one of the busiest streets in Pinetown. This is probably the best site for any sort of retail hub, showroom or truck yard left in central Pinetown. On the property is an office area of around 410m² plus a number of sheds measuring 1837m². The balance of roughly 5500m² is greenfield land. So there is more or less a blank canvas situated in the heart of Pinetown begging for a redeveloper to move in and create a mini business park or retail
